

REMARKS/ARGUMENT

This amendment is supplemental to the Amendment After Allowance Pursuant to (37 CFR 1.312) filed on September 1, 2006, which has been entered.

Claims 10, 11, 12, 13 and 74, however, remain dependent on claims which were canceled in the amendment and require change in dependency. With the present amendment, claims 10, 12 and 13, originally dependent on canceled claim 9, have been amended to a dependency on existing claim 1, with the limitations of claim 9 having been directly included in these claims. Claim 11 has been made dependent on existing claim 10 since the temperature ratio range of claim 11 is within the same temperature ratio range in claim 10.

Claim 74, originally dependent on canceled claim 72, has been amended to a dependency on existing claim 1, with the limitations of claim 72 having been directly included into claim 74.

The preamble of claim 73 has been amended into conformity with the subject matter of claim 1, on which it is dependent, and into conformity with all other claims dependent on claim 1. A typographical error has been corrected in claim 221.

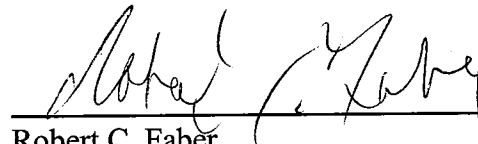

Dependencies of claims 19, 22 and 23 as filed and published were erroneously on claim 28 (a subsequent claim). Dependencies have been corrected to claim 18 for claim 19, and to claim 21 for claims 22 and 23. Though this changes the scope of the claims, it does not constitute new matter and is a required correction and should be entered.

Correction of the claims has been made to the extent deemed appropriate within the scope of 37 CFR 1.312 and as the corrections do not introduce new matter, and do not affect the scope of the claims in any respect, it is respectfully submitted that entry of these amendments under 37 CFR 1.312 is both proper and necessary and should be permitted.
